

REMARKS/ARGUMENTS

The Applicant respectfully requests the Examiner to clarify the comments made under numbered paragraph 3(b) and in the NOTE of the Continuation Sheet of the Advisory Action. In these comments, the Examiner asserts that the proposed amendment(s) of the Applicant's Reply to the final Office Action "raise the issue of new matter" and "introduce new matter which requires further consideration and a new search".

Clarification is being requested, since the Applicant submitted in the above-mentioned Reply and respectfully submits again that the amendments made to the claims are fully supported at page 9, line 22-page 11, line 23 of the specification.

Accordingly, the Examiner it is respectfully requested to clarify whether the raising of "new matter", or "new issues" as per numbered paragraph 3(a) of the Advisory Action, is being asserted by the Examiner, considering that the Examiner purports a "new search" is required.

Very respectfully,
